

Biomes of the Earth

ONLINE

Targeted, Focused
ECOLOGY
Content

Printable
Materials

With informative videos and engaging text, *Biomes of the Earth Online* provides students with a broad understanding of Earth's biodiversity, the factors that influence it, and the future dangers that face the planet and our species. Each Learning Unit presents current information about a particular biome's function, resources, and diversity—from wetlands to the tundra, from deserts to grasslands.

Learning Unit Chapters

Each eLearning Module is divided into Learning Units, displayed in chapters, with high-quality images, sidebars, in-text links, and dynamic citations. Support materials for each chapter are also conveniently located, allowing for seamless in-class integration. Learning Units in *Biomes of the Earth Online* include:

- | | |
|------------------------------|-------------------|
| Agricultural and Urban Areas | Taiga |
| Deserts | Temperate Forests |
| Grasslands | Tropical Forests |
| Lakes and Rivers | Tundra |
| Oceans | Wetlands. |

Features:

Enriched Online Resources Engage Students on Core-curriculum Topics

Reference Solutions Made Easy

Our new eLearning Modules provide focused, targeted coverage of core-curriculum topics. Designed for libraries and classrooms, eLearning Modules are a unique combination of our multivolume print series with rich media, including high-quality educational videos, images, instructor resources, and support materials that were created specifically to align with the content for a seamless learning experience.

Bring Learning to Life

Students will find these online resources engaging and simple to use. Instructors, curriculum coordinators, and principals will appreciate the easy integration into classroom learning and the wide assortment of invaluable support materials and instructor resources, including activities, discussion and assessment questions, and printable materials. Librarians will be able to offer their students and patrons quick access to homework and research help.

Engaging Online Resources for Today's Students

eLearning Modules are also excellent for distance learning, study abroad, and tutoring programs. These dynamic and compelling online resources pick up where textbooks leave off, bringing the subject matter to life. eLearning Modules are the perfect solution to every educator's goal: helping students achieve their best.

ALSO OF INTEREST:

Streaming Video

Comprehensive, multi-subject streaming video subscription services providing unlimited access to 13,000 full-length videos and 207,000 video clips.

Online Databases

Award-winning, exclusive reference content in a variety of subject areas, perfect for any institution.

eBooks & Print

Core-curriculum and high-interest K-12 and reference eBook and print offerings that will become a lasting part of your library's holdings.
