# Information Literacy – Core

EXTEND THE REACH OF YOUR LIBRARY INSTRUCTION

Today's college students arrive on campus without well-honed foundational skills like information literacy and critical-thinking. Creating high-quality, standards-driven instructional materials to cultivate these skills requires extensive time, staff, and technical expertise. *Information Literacy – Core* offers a solution to this growing problem, providing tools for libraries to conduct formalized ACRL and AAC&U-aligned instruction, both in person and online.

HOW CAN *INFORMATION LITERACY – CORE* HELP YOU & YOUR LIBRARY?

- ✔ **Teach students essential foundational skills** that will help them throughout their academic and professional careers.
- ✔ **Maintain accreditation requirements** around information literacy standards.
- ✔ **Simplify collaboration** with faculty using in-demand instructional content that is easy to embed in course pages and LibGuides.
- ✔ **Align faculty to high-impact practices** with a faculty-focused module covering topics like "Designing Effective Research Assignments."
- ✔ **Devote more time to hands-on instruction** by using multimedia to "flip the class."
- ✔ **Assess student progress** with the Credo Insights analytics tool.
