

# Infobase Online Resources

ESSENTIAL RESOURCES FOR ANY TEACHING STRATEGY

Infobase SUPPORTS

## Project-Based Learning

If your students are thriving with project-based learning, Infobase has a variety of resources to assist you. Our exclusive videos on core content are segmented and ready to use to illustrate a key point or reinforce an argument. Our experiments and

diagrams are a must-have for any science-based project. And many of our research databases come complete with lesson plans and ideas for high-interest, reliable activities and projects.

### KEY INFOBASE RESOURCES:

**Learn360:** The ultimate resource of more than 153,000 media assets is bursting with outstanding content and features—perfect for both student projects and classroom activities

**World Geography and Culture:** 1,600 original maps, unique and powerful tools for comparing and ranking countries and U.S. states, and extraordinarily comprehensive information on all major countries, states, and provinces make this a must-have resource for any geography or social studies project

**Today's Science** and **Science Online:** Find Science Fair guides and experiments and activities that can be done in class or off-site

Infobase ENRICHES

## Flipped Classrooms

Is your classroom flipped? Educational technology and activity learning are two key components of the flipped classroom model, especially for STEM and social studies classes, and Infobase has exactly what you need to succeed. Students can

watch a variety of educational videos from any number of our resources at home, and teachers can use the Enhanced Lessons and activities in class to illustrate and explain concepts.

### KEY INFOBASE RESOURCES:

**Issues & Controversies:** Assign the Oxford-style debate videos or NPR podcasts to watch/listen to at home, and use the interactive polls, printable handouts, and discussion questions to spark in-class discussion and debate

**Bloom's Literature:** For homework, students can watch videos of classic plays and use the special guides on writing about authors, while more than 10,000 essay topics do double duty as discussion questions that can provide the starting point for classroom lectures and activities

**Issues & Controversies in American History:** Have your students watch the overview videos and read the in-depth, unbiased pro/con articles to learn about important issues. Review the “What if?” sections—which suggest what could have happened had Americans chosen differently—to lead in-class debates

# Online Resources

ESSENTIAL RESOURCES FOR ANY TEACHING STRATEGY

## Infobase EMPOWERS Blended Instruction

Infobase online resources are ideal complements to blended learning, offering core curriculum solutions 24/7 so students can benefit from control over the time, place, and pace of their online learning. Our educational, interactive activities

and puzzles can be used in class or at home, and videos can be viewed during the online portion of any lesson.

### KEY INFOBASE RESOURCES:

**Science Online:** The wealth of STEM assets includes engaging interactive experiments, which replicate the in-class laboratory experience, and eLearning Modules with valuable Teacher Support materials

**History Research Center:** Its original, SMART Board–friendly slideshows offer a visual introduction to key topics and themes for in-class overviews, plus comprehensive Topic Centers provide virtual study guides

**The World Almanac® for Kids:** This multisubject resource features important teacher and student resources, including a Homework Help section, plus plenty of interactive crossword and word search puzzles for in-class activities

## Infobase ENHANCES 1:1 Learning Initiatives

With the proliferation of mobile devices such as tablets and smartphones, 1:1 learning has become more prevalent. But it's not just about the devices—it's about the content and the access to that content. With Infobase resources, it's easy to transform your

district, school, or classroom into a 1:1 environment because our products work with the latest technology and allow for seamless integration into learning management services and online catalogs.

### KEY INFOBASE RESOURCES:

**Middle/High School eBook Subscription:** Thousands of titles across all subjects with simultaneous use and no check-in/checkout ensure each student has access to any title at any time with no time restrictions. And the new mobile app make access even easier

**Classroom Video On Demand and Learn360:** The premier resources for engaging, exclusive video let you embed persistent and authenticated videos and clips into online catalogs, LibGuides, distance education courses, and learning management systems. With *Classroom Video*'s high school/AP level content and *Learn360*'s K–12 media assets, the entire district will have videos appropriate for each and every student at the level they need
